

PRORUNNER® Mk9: Reliable and affordable pallet lift.

The PRORUNNER® Mk9 is a rugged pallet lift that will lift and lower your pallets, until the end of time. That is, it does what it's supposed to do and looks after itself. The PRORUNNER® Mk9 is the perfect solution for capacities of up to 60 pallets per hour. Because of its extremely small footprint, this lift fits into virtually any layout. This compact unit is very easy to integrate into your transport system and can be equipped with roller conveyor or chain conveyor. Thanks to its design and highly reliable components, the machine hardly requires any maintenance. In short: an easy-to-integrate pallet lift that remains affordable

Key Components for material handling:

- Safety Fencing
- Vertical Conveyors
- Palletising Modules

Advantages of the PRORUNNER® Mk9

- Minimum footprint
- Suitable for vertical sorting (several heights)
